2024 Region H Conference

REGION DIRECTOR & BOARD NOTES

»» Region Board updates!!

We had a great opportunity to connect and discuss items that matter to Region H during advisor networking sessions and the caucus. Thank you to all the amazing student leaders who are interested in some of the open positions on the Region H Board or are interested in applying for positions that will open in the spring!

One topic that was discussed was the brevity of the Region H Conference. Some schools expressed interest in extending the duration of our annual Region Conference - and we are listening! This year, there will be the "traditional" and "extended" conference options! See the handout in this mailing for more details!
